# Kitchen Scales **Stainless Steel** Bowl 1.5L

## Product Description

Add and weigh up to 5kg or 1.5L of ingredients with this Electronic Measuring Cup Kitchen Scales from the Hodge & Hodge range. The jug scale features both solid and liquid weighing and conversion options, thanks to the integrated water, milk and oil volume indicators. The button control panel displays an instant and accurate reading of each item on the LCD screen. The detachable stainless steel bowl has an engraved scale on the inside for measuring liquids. Use the add & weigh tare/zero function to add multiple ingredients, saving you time with less clean up required.
